Research Grant # _____

The sum of \$ _____ is hereby granted by the Department of
Defense to _____, for the support of research
(Name of Institution)
entitled " _____ " under the direction of
(Title of Proposed Research)

(Name of Principal Investigator) (Name of Department)
for a period of approximately _____ year(s). Until further notice this
grant will be paid as follows: \$ _____ on or about _____,
19__; and \$ _____ on or about _____, 19__; and \$ _____
on or about _____, 19__. (This grant will be paid on or about
_____, 19__, in full.)

Title to all equipment purchased with funds supplied herewith
shall be deemed to have vested irrevocably in the grantee upon purchase
(with the following exceptions)(with the following reservations). (If
title to equipment purchased with grant funds is to be retained by the
Government, the necessary provision should be made in accordance with
the applicable parts of the Armed Services Procurement Regulation.)

It is a condition of this grant that it may be revoked in whole or
in part by the Department of Defense after consultation and agreement
with the principal investigator(s) and the grantee, except that a

revocation shall not affect any commitment which, in the judgment of the Department of Defense and the grantee, had become firm prior to the effective date of the revocation; and that funds not committed by the grantee prior to the revocation of the grant shall be returned to the Department of Defense.

It is a further condition of this grant that:

- (1) disposition of patent rights, domestic and foreign, in any invention or discovery conceived or made in the performance of the research described above shall be the responsibility of the grantee;
- (2) reasonable notice shall be given to the Department of Defense of each application, filed by any person employed by the grantee or otherwise performing the research under this grant, for domestic or foreign patent on any such invention or discovery;
- (3) any patent, domestic or foreign, issued upon such an application, shall be subject to an irrevocable, royalty-free, nonexclusive license for use of such invention or discovery by or for the United States Government; and
- (4) the grantee shall require each such person to agree to grant to the United States Government the license rights aforesaid. In the event any such person assigns any such invention to a person or institution other than the grantee, such assignment shall be made subject to the license rights aforesaid.

The Department of Defense understands that this grant will be administered in general accordance with the Department of Defense's policies for research grants as stated in DOD Directive _____ "Policy on Basic Research Grants and Title to Equipment Purchased Under Grants", and in conformity with other understandings reached between the Department of Defense and the grantee relating to this grant.
